## Why Admor HVAC?

State-Of-The-Art Hands On Training Centers

Our state-of-the-art training centers on Oahu, Maui, and in Kona exemplify our dedication to supporting Hawaii's contractors. These facilities offer cutting-edge classrooms and hands-on learning environments, designed to enhance installation, troubleshooting, and service skills. We believe that comprehensive training is vital to achieving our mission of delivering exceptional service at every stage—before, during, and after the sale. By continually investing in our customers and partnering with the nation's leading HVAC manufacturers and representatives, we reaffirm our commitment to excellence in Hawaii.

## Giving back to the Community

Founded in 2013, Cooling Cancer is a dedicated non-profit organization committed to supporting cancer research and raising funds for the University of Hawaii Cancer Center. To date, we have proudly contributed over \$600,000 to advance groundbreaking research in the fight against cancer. Our mission is to make a meaningful impact and work towards a future free of cancer. Join us in this important cause—visit [www.coolingcancer.org](http://www.coolingcancer.org) to learn more, volunteer, donate, and get involved.

Mason Kekoa Scholarship Fund

In 2016, the Admor HVAC family experienced a heartbreaking loss with the passing of Mason, the beloved son of Brad and Almarie Macloves, just shy of his 8-month birthday. To honor Mason's memory and radiant smile, Admor HVAC established the Mason Kekoa Scholarship Fund. This fund awards annual scholarships to two deserving Hawaii high school students, supporting their journey to the University of Hawaii in Mason's name. To learn more about this meaningful initiative or to make a donation, please visit [www.masonkekoa.com](http://www.masonkekoa.com).
